Hillmoor/Consultant Report - Consultant Michael Krajovic invited the public to come to the upcoming public input meetings, scheduled for Feb. 5th at 6 pm and for Feb. 7th at 10 am, upstairs in the Police Training Room to review draft conceptual plans for Zone 1 of the Hillmoor property. The plans will also be available for review at the library Monday, Feb. 9th through noon on Thursday, Feb. 12th. He stated that the next formal Hillmoor Commission meeting is scheduled for Thursday, February 19th.

Presentation/Discussion regarding Zone 1 Planning – Michelle Kelly, Principal Landscape Architect for Upland Design, gave an extensive presentation on 3 different conceptual plans for the layout of Zone 1 of the Hillmoor property. Zone 1 is approximately 32 acres in size, located on the southwest side of the property behind Eastview Elementary School. (The plans and presentation are available for review on the City's website in the "Other" category under the meeting date.) Initial feedback provided by Commission members included using the current river course for all layout options and making sure there is a main 12 ft. path on both sides of the river. Other comments concerned accommodating disc golf; integrating this planning with planning for the rest of the property; providing more river access; amphitheater location, orientation, and acoustics; Waverly St. access; location of dog park and need to accommodate both small and large dogs; potential ice rink; potential market or event area; and providing handicap accessible entrances. The Mayor stated that the final plan should be realistic for the City to accomplish and encouraged the members to forward any additional comments to M. Krajovic-the consultant, and/or D. Winger-parks director.

Adjournment – On a motion by Lowell Thompson and seconded by Mark Davids, the adjournment motion was unanimously approved. Meeting adjourned at approximately 8:00 pm.

RE: Hillmoor Park Zone 1 Master Plan – Recommendations for Preliminary Master Plan

The three Zone 1 concepts developed with input from the Hillmoor Commission were taken to the following meetings to gather feedback:

- The Special Hillmoor Commission Meeting held on January 22nd, 2026, where a presentation of the three concepts took place. Updates to the concepts were discussed and implemented prior to public open houses.
- Two in-person public open houses were held. The first one on February 5th, 2026, and the second one on February 7th, 2026. The same presentation was shown twice on each date and community feedback was gathered for the designs. Over 100 people attended the two open houses. Attendees were directed to an online survey to collect their preferences.
- The plans were then shared at the Geneva Public Library and the same online survey was open to collect additional responses. The survey closed on February 11th, 2026.

A total of 373 responses were collected. The survey data is shared as an attachment to this memo. Based on the community input, the following recommendations were developed.

Recommendations: Concept A, *River of Life*, received the strongest overall support, reflecting clear preference for a nature-focused plan that preserves green space, celebrates the White River, and creates active spaces for the community to gather and play. While Concept A was favored overall, residents selected preferred amenities across all three concepts—most notably the amphitheater, entry plaza, and playground from Concept A; the large shelter, small shelter, and splash pad from Concept C; and the entry arch and dog park from Concept B. River-related features, the amphitheater, the playground and splash pad areas were among the highest priorities. Scenic walking and biking trails, and quiet natural areas that protect wildlife and native landscaping were also preferred. Please see the survey data for detailed data. Based on this feedback, we recommend moving forward with Concept A as the foundational plan with the preferred selections as noted below.

Disc Golf: The re-imagined disc golf course feedback includes 14 respondents who explicitly stated for the course to remain in, or at least start and end, in Zone 1. Four respondents suggested moving the disc golf course into other Zones of the Hillmoor property. Eight respondents expressed removing the course completely from the property. Given the feedback, the following recommendations should be considered for the final design:

- Disc golf course to start and end in Zone 1
- Provide a challenging course by extending into the West side of Zone 3 and the West side of Zone 4
- Consideration of upkeep of the course to be maintainable, such as clear fairways and improved signage

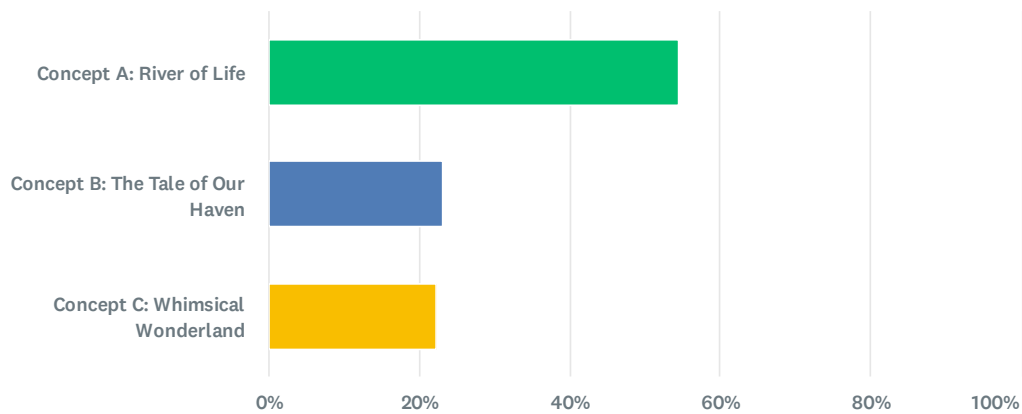

Upon reviewing the survey data and recommendations, please share feedback with the following:

1. Items that the commission concurs with recommendations
2. Items the commission desires adjustments to recommendations with additions, deletions or other changes.

Once we have received the feedback on the above, Upland Design Ltd will prepare a preliminary master plan for your review. Please let us know if you have any questions.

#	RESPONSES	DATE
1	A plan for how elements will be maintained. The public works is already overworked. Some of the gardens and other elements will require too much care.	2/11/2026 9:31 PM
2	More trees	2/11/2026 6:49 PM
3	lookout tower	2/11/2026 6:46 PM
4	Additional nature trails would be really nice	2/11/2026 4:51 PM
5	Frisbee golf	2/11/2026 3:58 PM
6	a little free library...it looks like a great place to read a book!	2/11/2026 3:26 PM
7	Low maintenance costs.	2/11/2026 3:18 PM
8	Sculpture park	2/11/2026 2:38 PM
9	Ice skating area during the winter that doesn't charge unaffordable rates to use. It should be free to use and provide skate rentals for a few dollars.	2/11/2026 12:51 PM
10	multiuse trails	2/11/2026 12:50 PM
11	No. Great ideas. Just keep it simple so the natural beauty is maintained.	2/11/2026 10:50 AM
12	Less traditional lawn, more short native clover, no mow lawn, etc; good demo and costs less for maintenance Roll top observatory ! Less concrete, more accessible pervious paths and parking Solar panels on sunny roofs, moss on shady ones ; Native plants with ID tags, herb garden, etc Labyrinth created with natives, no concrete, big enough to feel secluded Plenty of spaces for seniors and others to sit quietly and observe nature and / or the river	2/11/2026 10:41 AM
13	NA	2/11/2026 8:54 AM
14	I hope that this is taking Simple's upcoming property and possibly the Children's Museum into consideration.	2/11/2026 8:26 AM
15	Pond	2/11/2026 7:57 AM
16	Traditional golf	2/11/2026 6:41 AM
17	I believe it should be kept simple and minimal. We need to look at upkeep, energy and water usage for options on this project. If you grew up in the 90's or before, you got along and had fun on the playgrounds of old. We don't need to reinvent the wheel. Simple is smart. (playground, dog park, plants, wild flowers, open field for gatherings & frofing. Plant more trees for our grandchildren to read under.	2/10/2026 11:14 PM
18	Outdoor pool and waterpark	2/10/2026 11:05 PM
19	better sidewalks paths, benches and picnic tables. more native plants and nature. Less theme parks.	2/10/2026 10:51 PM
20	More bike trails. Keep it simple and dont waste tax payers money. Use the money to maintain the property and keep it nice. Also connect the ATV trail system through the property. Only require one simple road.	2/10/2026 10:21 PM
21	Honestly most of these designs don't realistically fit the town.	2/10/2026 9:55 PM
22	YMCA	2/10/2026 9:51 PM
23	Include plan to integrate a rolloff roof observatory located in original Hillmoor clubhouse area. Use some of the western edge of zone 3 for disk golf.	2/10/2026 9:43 PM
24	Water fountains/stations	2/10/2026 8:01 PM
25	A community garden.	2/10/2026 7:24 PM
26	Walking path around the whole thing.	2/10/2026 7:14 PM
27	No	2/10/2026 6:41 PM

Hillmoor Park Zone 1 Master Plan

28	Fireplaces and firepits, restrooms	2/10/2026 6:26 PM
29	Concessions stands	2/10/2026 5:58 PM
30	Something that brings in some money to help support it? Maybe a food venue?	2/10/2026 5:33 PM
31	all are WAY too busy - don't need so many shelters, nooks. Not so much prairie - that will be developed in the rest of Hillmoor. Keep natural and fun - this should flow into the natural trails and concepts on the rest of the acreage. Love the bike trail for teens (important!) Like the placement of the amphitheater in Concept B. Don't want lots of formal gardens - too much upkeep and seasonal downtime. Ice rink OK - if there are other uses the rest of the 9 or 10 months. Also adds lots of cost	2/10/2026 4:55 PM
32	Community Pool Adult Exercise Workout Playground	2/10/2026 4:39 PM
33	Landscape features: falls, trees, plants, shrubs, other live products. Rest and reflection areas.	2/10/2026 4:37 PM
34	Ice skating. Sledding hill	2/10/2026 4:33 PM
35	This all looks great but extremely costly to build and maintain.	2/10/2026 4:12 PM
36	No	2/10/2026 1:40 PM
37	Not in Phase 1, but I would like to see overlooks for the large pond behind Target and the two small, almost hidden, ponds at the north end.	2/10/2026 12:36 PM
38	Barrington Illinois park district has their shelter have sliding glass doors. Makes a great option for generating money for hosting parties basically year round!!	2/10/2026 12:21 PM
39	Elderly access, perhaps rent a scooter.	2/10/2026 11:27 AM
40	Would like the kid parks more natural and rustic looking	2/10/2026 11:21 AM
41	As many trees as possible. No one cares about Disc Golf, maybe incorporate exercise natural equipment along trails. Keep sledding hill and ice ring. Both	2/10/2026 9:05 AM
42	WHERE IS PARKING?? The school parking lot, what happens during school & town events?	2/10/2026 8:59 AM
43	Well done. Very thorough and inclusive.	2/10/2026 8:45 AM
44	It should be sold. This is an irresponsible waste of taxpayer money.	2/10/2026 8:18 AM
45	These ideas and concepts are fantastic, great work!	2/10/2026 7:55 AM
46	More detailed information about river access. Will it be for tubing? Kayaks?	2/10/2026 7:52 AM
47	Driving range	2/10/2026 7:37 AM
48	No	2/10/2026 7:30 AM
49	I would like to see less jammed into Zone 1. Overall, I think you should know that you don't need to Label the experiences with names on arches or elsewhere. The playground doesn't need to look like Disneyland just needs to be creative and challenging for all younger ages. While the Channel Bike Trail looks like a cool idea, I would be worried that it could overwhelm Walkers and people just enjoying the nature - again, trying to cram too much into a relatively small space. I love the Amphitheater but again think it shouldn't be crammed into that space. And also think you may be able to get a theater company to regularly have live theater at the amphitheater - like the APT in Spring Green or Fireside Theater.	2/10/2026 7:24 AM
50	Ice skating and hockey arena.	2/10/2026 6:11 AM
51	It needs to be maintained. These concepts seem awfully fancy where lots of effort will be needed to keep it nice. The simple dog park and disk golf course currently there seem to be marginally maintained. Keep this simple.	2/10/2026 3:13 AM
52	The reality of the White River and its natural flow, which is not deep or a place where fishing is possible in most locations. Trees, shade, the city's natural traffic from downtown to this park. We need more bathrooms throughout even Zone 1.	2/9/2026 10:57 PM
53	Please consider an accessible park, to welcome all children. A large park is crucial. An ice rink and I would also recommend an area by the amphitheater to accommodate food trucks and vendors. For the splash pad design I would highly recommend shaded seating, as well as canopies	2/9/2026 10:27 PM
54	If you're going to do a pump track, do it right or don't do it at all. Take notes from Bentonville's Railyard bike park, it's great	2/9/2026 10:06 PM
55	No	2/9/2026 9:10 PM
56	Skating rink	2/9/2026 8:48 PM

Hillmoor Park Zone 1 Master Plan

57	Inclusion of native plantings, perhaps including classes and/or kids camps focused on native plantings and gardening.	2/9/2026 8:47 PM
58	I believe one concept shows an ice skating rink, but if not, then I would include that.	2/9/2026 8:29 PM
59	Any mention of refreshment / concession stands. At the VERY least, there should be vending machines. It can get very hot in the summer in Lake Geneva.	2/9/2026 8:29 PM
60	N/A	2/9/2026 8:19 PM
61	RC car areas	2/9/2026 8:08 PM
62	No	2/9/2026 7:46 PM
63	The Central Park of LG. The more green space the better. Thanks to everyone who put this together great job!	2/9/2026 6:53 PM
64	Shade for seating areas in the summer. Restroom	2/9/2026 6:39 PM
65	Wheelchair access	2/9/2026 5:52 PM
66	A par 3 9 hole golf. Disc golf is not as popular. There was a course in Crystal Lake at Lippold and it was rarely used.	2/9/2026 4:29 PM
67	Every design is beautiful. So hard to pick. Hopefully you will be able to do a mix & match because matching everything to one design is nit necessary.	2/9/2026 3:33 PM
68	I think the enchanted forest and children's fairy park can be combined. The fairy park would be enjoyed by adults as well.	2/9/2026 2:29 PM
69	Overall I believe the majority of the concept plans are a waste of taxpayers money and would want to see any proposed spending to go through the taxpayers. I would be looking for improvements that benefit the locals and not be based on bring more tourists into the city. Maybe the starting point should be a survey of the residents to determine the amount of money that they are willing to spend on improvements.	2/9/2026 2:17 PM
70	Farmers' Market.	2/9/2026 2:06 PM
71	D	2/9/2026 1:59 PM
72	Library	2/9/2026 1:38 PM
73	Details on natural mosquito controls. Towards dusk the mosquitos are out of control in the existing space	2/9/2026 1:19 PM
74	Obviously public restrooms	2/9/2026 10:30 AM
75	More rest stop seating along trails and paths	2/9/2026 8:57 AM
76	I like the concepts presented. Any chance to have an ice skating pond?	2/9/2026 8:36 AM
77	More natural, less developed. Less stone and concrete.	2/9/2026 8:18 AM
78	Ice skating rink? tubing on the river? Skateboarding park?	2/9/2026 7:16 AM
79	No but the gardens are also very important.	2/9/2026 6:38 AM
80	Recognition/acknowledgment of the role women played in early Lake Geneva, including their role in the develop the public library.	2/8/2026 10:55 PM
81	Accessibility for all ages and abilities	2/8/2026 10:16 PM
82	What about winter activities like ice skating? Snowshoeing? Tubing? Things like that for the locals to enjoy in the off season!	2/8/2026 9:51 PM
83	Water fountains and public restrooms	2/8/2026 6:58 PM
84	Bee keeper, butterfly garden, bat houses, bird houses	2/8/2026 6:53 PM
85	I like the Gardens!	2/8/2026 6:18 PM
86	Community vegetable garden.	2/8/2026 5:56 PM
87	Make everything accessible to the elders in the community, as well as those needing wheelchair access.	2/8/2026 5:11 PM
88	We appreciate all the work that has gone into planning.	2/8/2026 4:34 PM
89	Yes cost estimate. Especially what we can get for already approved funds. And future costs. Plan this entire project from an entirely different angle. Start with basics = trails, parking, bathrooms. Full stop.	2/8/2026 4:23 PM

Hillmoor Park Zone 1 Master Plan

90	Maintained walking trails leaving some of the property as natural areas	2/8/2026 3:08 PM
91	I'd love to see a beautiful fountain in the entry plaza no matter which concept is chosen; if there is a spot in the park that's high enough a sunset viewing area would be wonderful; consider a free trolley (that is handicapped accessible) between the entrance of Hillmoor and the Riviera; Handicapped accessible playground equipment in the play area - it was a huge disappointment when Lake Geneva blew it and allowed the handicapped accessible playground to be built in Delavan instead of our Veterans' Park; wheelchair accessible trails; handicapped accessible parking area near the entrance or amphitheater area with plenty of spots for ramped van spaces	2/8/2026 2:53 PM
92	BATHROOMS !!!!!	2/8/2026 2:27 PM
93	Nothing is missing but I don't know what the obsession is with a dog park .	2/8/2026 12:54 PM
94	maybe an arboretum. Also parking for the visitors who will come ? this is an important aspect that we should be considering....what is the forecast of visitors to phase 1 we should be planning for....need parking places beyond Eastview Parking lot as that is not available during school hours. Thanks...great start.	2/8/2026 12:49 PM
95	please minimize tree removal since large trees provide instant shade. the river also needs some shade for fish habitat.	2/8/2026 12:00 PM
96	Recognizing women of early lake Geneva (library)	2/8/2026 11:59 AM
97	Can you call our accessibility features? With pavilions be accessible to those with limited mobility?	2/8/2026 11:58 AM
98	What will be available for emergency responses? Shelter?	2/8/2026 11:11 AM
99	At this point, it seems like there are too many elements for the financial resources the city has. It is essential that there are opportunities to generate revenue.	2/8/2026 7:39 AM
100	Dog park cannot be east of river. Too far from parking, takes away huge area for disc golf holes, ruins site lines and views with chain link fence in middle of expanse of river and prairie views. Snow hill on all three plans too far from parking. Focus on enhancement of existing snow hill.	2/7/2026 7:19 PM
101	Initially the city bought the property back for nature space. Under the agreement it would not be developed, and that is what the residents wanted. Now the city is doing what they want, to attract more tourism. Any not put a 3 story parking structure in the place of the current skate/dog park. And relocate the skate/dog parks. Charge a lower parking fee for that. And increase city parking.	2/7/2026 3:04 PM
102	More parking/ remote for city events	2/7/2026 2:13 PM
103	Potawatomi should have been invited to the table. This is their stolen land. The large shelter could be Native American design that is round! Not square boxes strung together. No mowed grass anywhere! A park is not a turf lawn. Remove all the corny expensive fake features from kids area. Kids need a sandbox, wood blocks, like the natural park at Bong State Park. Remove most of the high maintenance plantings. As presented, those would require a large work force all the time. Way too complicated and unnecessary. Add Forest and native prairie that will be burned on a rotation. And please. Agroforestry was not even mentioned Plantings should include nuts, berries etc that visitors could eat. Grapes on the arches etc	2/7/2026 2:01 PM
104	Remove the skate park. Move it to the business park as it needs to be in a more visible location due to ongoing vandalism of existing bathrooms. The bathrooms cannot be open because of the vandalism. You can verify that with Public Works	2/7/2026 12:12 PM
105	It looks wonderful!	2/7/2026 11:59 AM
106	Should have a facility with commercial kitchen and storage for rental facility, missionary rental use for food trucks, and event rentals through Parks.	2/7/2026 11:38 AM
107	Cross country skiing and multi use trails	2/7/2026 11:13 AM
108	Images are summer oriented, ensure design considers the winter days and beauty of the property.	2/7/2026 10:56 AM
109	NO SPLASH PADS OR AMPHITHEATER. LETS KEEP THIS A QUIET PLACE. MAKE THE NON LOCALS PAY TO GET IN! LOCALS FREE FOR ONCE LET THE LOCALS ENJOY SOMETHING!	2/7/2026 10:54 AM
110	Funding!! Who is paying for this fever dream?? Our schools are underfunded, we are squeezing parking money out of tourists, our taxes just went up...	2/7/2026 10:30 AM
111	Cost estimate. The plans are way over the top and expensive.	2/7/2026 9:21 AM

Hillmoor Park Zone 1 Master Plan

112	Keep it as natural and organic as possible	2/7/2026 8:15 AM
113	Winter activities	2/6/2026 9:41 PM
114	No	2/6/2026 5:02 PM
115	These plans are all missing a revenue generating opportunity tied in with the amphitheater. Please consider a food & beverage option that includes beer & wine. There should be absolutely no concern with alcohol if priced appropriately, and you have dozens of examples from the Milwaukee, Racine and Kenosha county parks with beautiful, maintained beer gardens that provide revenue to public park systems. Even if you provided a space with lighting & seating for pop-up food trucks, breweries, etc. Move the music in the park Thursday series from Flat iron to Hillmoor and F&B option could generate healthy revenue.	2/6/2026 2:52 PM
116	A snack stand to generate some sort of income. A picnic area would be cool to have adjacent to the shop.	2/6/2026 12:34 PM
117	As a full time resident of the city of lake geneva I would like to see the Hillmoor property sold. Any of these ideas are going to be a tax burden on the city. Also, why are we trying to bring people out of the downtown area, away from all of the businesses? I don't see how any of these concepts are going to generate revenue. Is the city going to sell tickets to the amphitheater? We already have the brunk pavilion, why do we need another? We have the best walking trail in the world around the lake. Why do we need another? Please sell the property but do it better than the surplus land sale.	2/6/2026 10:01 AM
118	Disk golf course	2/6/2026 8:16 AM
119	Bird or Raptor Reserve/Sanctuary. Birdwatching is extremely popular, with around 96 million Americans (over one-third of adults) participating in 2022. Most birders (91 million) watch from home, but 43 million also travel for birding trips. It would attract more nature oriented tourists who are more likely to be grounded and respectful of our resources.	2/5/2026 9:52 PM
120	Leave out all the human built "whimsical" stuff. Keep it simple and natural. This encourages children especially to use their own imaginations. Our lives are so filled with tech and memes. Keep it simple and refreshing. Nature has healing effects on humans and animals. Less IS more!	2/5/2026 8:40 PM

122	Space for ymca	2/5/2026 8:27 PM
123	I'd love to see a covered bridge with stone bases and wood columns leading to open trusses and slate stone shingles with planters hanging off the trusses. In my pretentious opinion I think that the City should adopt a general aesthetic guideline that integrates this style throughout the City over time. The main covered bridge should go over main st and connect Donian Park to the old railroad bridge that borders and enters Hillmoor.	2/5/2026 8:16 PM
124	The school is a great parking lot and the current park and disc golf course is heavily used.	2/5/2026 8:15 PM
125	The hole cup and flag for golf was invented here, so something to keep that history would be cool.	2/5/2026 7:51 PM
126	Less Is more as far as development of this beautiful green space goes. I don't want to see it over developed. I absolutely do not want an amphitheater. Minimal cement. Dog park and disc golf are a must because they are currently used 365 days A year at Hillmoor. Development of a nice trail system, and removal of current outdated bridges to clean things up. Careful planning. Lots and lots and lots of green space and minimal development. I really don't want Shelters and pavement and development. Keep it green.	2/5/2026 7:41 PM

Q14 DISC GOLF COURSE Let us know what you would like to see as part of the RE-IMAGINED Disc Golf Course!

Answered: 100 Skipped: 273

#	RESPONSES	DATE
1	Blending into nature more.	2/11/2026 10:39 PM
2	Seems okay. I do not play dsic golf.	2/11/2026 9:31 PM
3	Solar lights on the baskets for evening play	2/11/2026 9:07 PM
4	Please keep disc golf course!!	2/11/2026 8:02 PM
5	No! Needs to stay in Zone 1.	2/11/2026 3:58 PM
6	Listen to the disc golfers for their priorities. Blend whatever is done into the natural landscape and terrain.	2/11/2026 3:18 PM
7	I like it starting and ending in zone 1. Having it move into the other zones is acceptable.	2/11/2026 2:35 PM
8	I'd rather see a natural grass mini putt putt course or a driving range to hit balls. Disc golf seems to be an uncommon habit that I don't see getting used as much. IF disc golf is the final choice just make sure the course is maintained properly and the equipment is decent.	2/11/2026 12:51 PM
9	Keep entire course in zone 1.	2/11/2026 10:50 AM
10	Part in sunny areas with clover, no mow lawn, etc instead of grass to mow, and part in woods to the north. Be sure local club helps design it	2/11/2026 10:41 AM
11	I love this. Just updated, and some restrooms around the course.	2/11/2026 8:26 AM
12	Longer and larger course with a variety of holes in wooded, hilly, and prairie areas of the park to experience all types of beauty to park has to offer.	2/11/2026 8:00 AM
13	Although I appreciate disc golf, as I said earlier, I don't understand why Melissa said it's a given. Just how popular is it today? Let's not spend too much here. Many of the other featured concepts are considerably more exciting and will provide more broad-ranging park interest.	2/11/2026 6:41 AM
14	Just as the concepts for seating in the grass or the dog paw build in to the ground. I see there being different obstructions or obstacles for each different hole. One with a mound interfering with the line of site. Another having wooden polls sticking up vertically as to make the player choose which direction to play. Another could be around the pond, testing players strength to throw across the pond for a short cut. There are a lot of examples from courses not too far we could pull from that would draw much attention nationally as players do travel for this game.	2/10/2026 11:14 PM
15	We have people from all over that enjoy and use the disk golf. Now you want to put it in the forest? What are you doing for wildlife? there needs to be consideration for them. Also you cut much of the trees along the river stream so people could play frisbee. And now you want to put it in the forest!! terrible idea. We don't even have a parks department. This will cost too much to maintain it.	2/10/2026 10:51 PM
16	I dont have an opinion on that.	2/10/2026 10:21 PM
17	More challenging holes, go into the woods along border with zone 3.	2/10/2026 9:43 PM
18	Yes	2/10/2026 9:13 PM
19	I think a mix of both wooded and open holes would be an upgrade from the current course, over the years the current course has been gutted but with this new plan it'll bring more joy to the course.	2/10/2026 7:56 PM
20	No comment. Probably won't visit.	2/10/2026 7:41 PM
21	The current course is perfect, and it doesn't need re-imagining. Please include many long distance holes that are located in wide open spaces, like holes 2 and 18. Holes that have elevation change are great too, like holes 1, 11, 12, and 13. Don't mess this up.	2/10/2026 6:48 PM
22	Not sure	2/10/2026 6:41 PM
23	Yes	2/10/2026 5:40 PM
24	NOT in the main walking area as it is now! Why not include the area on the right of the "2"	2/10/2026 4:55 PM

Hillmoor Park Zone 1 Master Plan

boundary line directly right of the number 1 on the map. Disc golfers are walkers - they can make use of the farther-out edges and wooded areas on the far north of the property - NOT near the river on the rest of the Hillmoor property.

26	Spend money elsewhere. The current design works!	2/10/2026 4:37 PM
27	No preferences	2/10/2026 12:36 PM
28	Posted maps or legends of course.	2/10/2026 11:21 AM
29	not a fan, so indifferent on this point. Thank you for this survey! Great idea and much appreciated!!	2/10/2026 10:40 AM
30	Easier directions to next hole	2/10/2026 10:29 AM
31	No opinion	2/10/2026 9:25 AM
32	I would like to see a Par 3 Golf Course somewhere on the Hillmoor Property, or on the south end next to Rt. 50.	2/10/2026 9:10 AM
33	No disc Golf course	2/10/2026 9:05 AM
34	Something Cool	2/10/2026 8:59 AM
35	Beautiful ideas	2/10/2026 8:54 AM
36	Sell it. This is a disaster.	2/10/2026 8:18 AM
37	I don't know enough about disc golf to make any input.	2/10/2026 7:52 AM
38	Not needed	2/10/2026 7:37 AM
39	Shade	2/10/2026 7:30 AM
40	It better keep the same number of holes. Better to read maps would be nice, my first play through was confusing at times.	2/10/2026 3:13 AM
41	A well designed course that is more challenging than the current course, away from the paths, but not far from Zone 1.	2/9/2026 10:57 PM
42	I don't really have a preference about disc golf	2/9/2026 8:26 PM
43	Bring in some rocks	2/9/2026 8:08 PM
44	In the rest of hillmoor property. All of it	2/9/2026 7:48 PM
45	not interested	2/9/2026 7:35 PM
46	A course that could host competitions.	2/9/2026 7:23 PM
47	Keep the existing one, upgrade the course. Leave the rest as natural as possible for walkers , cyclists and enjoyment of the natural landscape.	2/9/2026 6:15 PM
48	elevation changes for increased physical challenges	2/9/2026 5:52 PM
49	I disagree with a disc golf but if it could be incorporated with a 9 hole par 3 for families that makes more sense.	2/9/2026 4:29 PM
50	Leave it alone... The taxpayer's already paid 6 million to buy it back from a developer... now whos paying for this ?	2/9/2026 4:08 PM
51	I have never been so if this needs upgrading, do it.	2/9/2026 3:33 PM
52	I don't play golf, so can't say.	2/9/2026 3:21 PM
53	More well kept grounds, disc golf's available for rent or purchase through a vending machine type deal or something that allows easy access and understanding for families and visitors going disc golfing for the first time	2/9/2026 2:49 PM
54	I'm not sure I understand this. Is this on top of the ideas above? How is that going to work? I'm missing the vision here.	2/9/2026 2:29 PM
55	I don't know anything about disc golf.	2/9/2026 2:17 PM
56	Don't care about disc golf.	2/9/2026 2:17 PM
57	D	2/9/2026 1:59 PM
58	Does anyone even use this?	2/9/2026 10:30 AM

Hillmoor Park Zone 1 Master Plan

59	Nothing. Drop it	2/9/2026 8:57 AM
60	Like that this will be re-imagined	2/9/2026 8:36 AM
61	That it not be too big	2/9/2026 7:21 AM
62	Something else	2/8/2026 10:16 PM
63	A dedicated parking area for the disc golfers. The course should return to the lot between holes 9 and 10 and then again after 18. That way if a player wants to play 9, they can without walking a long ways back to the parking area. Grey Fox in Silver Lake is designed this way. I'd also like to see a practice basket near the parking area and trash cans once every three holes to reduce littering.	2/8/2026 6:58 PM
64	No interest	2/8/2026 6:53 PM
65	Ice Skating Rink for the winter time, and gardens!	2/8/2026 6:18 PM
66	Not familiar with "Disc Golf".	2/8/2026 4:34 PM
67	NA I don't know what a Disc Golf Course is.	2/8/2026 4:34 PM
68	Plan the entire site at once. This zone 1 separation makes no sense. Plan park in its entirety no matter where the disc golf goes. Do not approve zone 1 final plan without addressing this.	2/8/2026 4:23 PM
69	I wish to have no disc golf. I don't think many people use it. I think a putting an outdoor golf simulator would get used more. Also a warming center to be used in the winter so the park could b used all year.	2/8/2026 3:38 PM
70	Leave some of this area as natural growth	2/8/2026 3:08 PM
71	Beautiful benches with plantings near each of the tees in case people want to enjoy the beauty of the golf course with the players but don't want to play themselves OR people need to rest. Lookouts from any high spots so people who aren't golfing can watch others play and enjoy the beautiful views.	2/8/2026 2:53 PM
72	Make it a challenge!	2/8/2026 2:28 PM
73	Get rid of. This is a hoke	2/8/2026 2:15 PM
74	Some wooded areas for challenging shots. Multiple tee boxes. Different types of shot shapes	2/8/2026 1:45 PM
75	That it isn't necessary. I think there are better uses of the space. No one ever used the old one. Maybe a community pool?	2/8/2026 1:42 PM
76	Multiple pin locations and allow leashed dogs	2/8/2026 1:15 PM
77	I guess it should somehow be incorporated into the outdoor design to be pleasing to the eye https://www.houckdesigndiscgolf.com/	2/8/2026 12:49 PM
78	More woods golf, not played where people will be gathering. Don't cut down too many trees. Bathrooms on site and trash cans. Also a donation box on hole one! Practice basket area	2/8/2026 6:36 AM
79	Not far from where it currently is. Enjoy it being easy to access.	2/8/2026 5:34 AM
80	The disc golf course needs a lot of work. I am her as a memeber of the white river rippers disc golf club. I am also an educator of lake Geneva who teaches students how to play the game. The course needs people who care about the course and its conditions. We barely get the grass cut on a regular basis. This leads to a lot of ticks. When they do cut the grass, they don't care. They have ruined many baskets and alternate placements of baskets. Most of the baskets are bent and broken. The course also needs more garbage cans and picnic tables. Without garbage cans the river gets dirtier and dirtier. The course is also not very challenging it is just wide open. It's not challenging because of all the trees being cut down. They are slowing ruining the course over time. Making this course challenging attracts more people. We also would like to host tournaments to bring people to lake Geneva. With the current conditions of the course people don't want to go there. If they choose to replace teepads make sure they face the right way. Hole 5 short pad faces the wrong basket. The course is loved by our league and the community. We have had 158 players through our years of being a club. Let's make the course better and actually listen to feedback for this.	2/7/2026 7:55 PM
81	Small shelters, benches, garbage cans, club bulletin board. Tee 1 and 9, and basket 18, at waverly street parking lot. Work with local club on design. Expand course into wooded area of zone 3. Keep the course free. Educate public works on how to properly maintain the course and equipment.	2/7/2026 7:19 PM
82	No disc golf course, teenagers kids dont play outside anymore	2/7/2026 2:13 PM
83	Just keep it somewhere	2/7/2026 2:01 PM

Hillmoor Park Zone 1 Master Plan

84	Less water features.	2/7/2026 11:59 AM
85	Elevated tees	2/7/2026 11:13 AM
86	Be considerate of property owners when planning the disc golf area. Unlike the current location homes are at the same elevation level as the reimaged course. Consider plantings, berm, or combination as separation.	2/7/2026 10:56 AM
87	DONT WANT THIS	2/7/2026 10:54 AM
88	Keep it in zone 1	2/7/2026 10:26 AM
89	Keep the disc course as it is.	2/7/2026 9:21 AM
90	Not familiar with the sport	2/6/2026 5:02 PM
91	-water feature on the fairway -1 or 2 long courses (high par) -greater variance in elevation chances on course	2/6/2026 12:34 PM
92	The dis golf course is fine the way it is. Its not upkept very well so no reason do have more area not kept up.	2/6/2026 10:01 AM
93	Keep it as rustic as possible.	2/6/2026 7:58 AM
94	I think 9 holes is enough for disc golf. It is not an Olympic sport.	2/5/2026 8:40 PM
95	NA	2/5/2026 8:33 PM
96	Great!	2/5/2026 8:27 PM
97	I think the golf course should go back in another zone where some of the old golf courses were. I also think a 9 hole golf course back in the other Zones is not the worst idea for a city like ours. I used to be very opposed to a golf course and now I can see it fitting the character and charm of our community quite well.	2/5/2026 8:16 PM
98	I think you should leave this as a disc golf and walking area. The river is less than a foot deep in most places. This is a beautiful green place.	2/5/2026 8:15 PM
99	Maintain the disc golf course in zone one.	2/5/2026 7:41 PM
100	Difficult obstacles and water	2/5/2026 7:37 PM
